

Dissecting the Cirrus

Operational performance will be taught by Jeff Sandusky (ATP, CFII, Regional Sales Manager). Operational systems will be taught by Cirrus engineer Darrell Yelton. Both men will teach Cirrus safety systems. This is a three (3) hour safety seminar.

Directions: Conference room is on the 2nd floor. Laboratory portion of the seminar will be held in the main floor hangar (heated).

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
